Red flags we mark on real replies in this category

- No existing EN71 / ASTM F963 / CPSIA or food-contact report on file
- Small-parts and age grading not addressed

- Silicone grade (food vs platinum-cured) not stated
- Labelling and warnings left to 'you decide'

Compliance notes to check

- Children's products for the US need a Children's Product Certificate (CPSIA); EU toys need CE/EN71. The brand owns these; ask the factory for existing reports

What the paid $349 comparison adds

- Written Chinese + English RFQs to 6–8 matched factories; only written replies go on the sheet.
- At least 3 written replies side by side: factory vs trader, registry check, MOQ, sample fee, unit price, lead time, Incoterm, mismatch flags.
- Turnaround 7–10 business days. Reply guarantee: fewer than 3 written replies after 15 business days = $100 back per missing reply; 0 replies = full refund.
- You keep the email trail, choose the factory, and pay it directly. We never hold your money.

Limits: desk research and written contact only. No calls, no factory visits in China. Third-party inspection can be quoted separately. Business licence (USCC) to be checked on gsxt.gov.cn before any payment.
